**Faculty of Contemporary Sciences and Technologies
Tetovo**

JAVA
(Sem. 5, 2022/2023)

Project:
Weather APP
Problem solver competition

Student(s):

1. 129413 Albinot Ismaili
2. 129276 Zana Ramuka

Mentor:

Prof. Nuhi Besimi

2022 , Skopje

About project

We do not have any description about the project as we are still researching how we will develop the logic and how we will divide the work into a group of two people. But as we can see from the titles of the projects, it is clear what we are dealing with and what we will have as a result. Also, if I come up with an even better idea, we can have changes and develop another project
